Infinium Medical Announces Exclusive U.S. Partnership with Lemi MD, Introducing the Italian-Inspired MD-Series Procedure Chairs

Largo, FL – 3/4/25 – Infinium Medical, a leading provider of innovative medical equipment, is pleased to announce its exclusive U.S. partnership with Lemi MD, a renowned Italian manufacturer of high-quality procedure and surgical chairs. This new collaboration brings the sleek, Italian-inspired Lemi MD-Series—featuring the Dreamed Stationary Procedure Chair, the Monza Mobile Surgery Chair, and the Lemi 4 Procedure Table—to healthcare facilities across the United States.

By combining Infinium Medical's proven track record in medical device manufacturing, sales, and customer support with Lemi's European-styled, precision-engineered designs, this partnership delivers a cutting-edge solution for a wide range of medical specialties, including Oral Surgery, Dermatology, Aesthetic & Cosmetic Surgery, Plastic Surgery, ENT, OBGYN, Diagnostic & Physiotherapy, Hair Implants, Podiatry, and Chemotherapy.

"Infinium Medical is honored to partner with Lemi as their exclusive distributor in the U.S.," said Oz Ozkaya, President at Infinium Medical. "Their procedure chairs offer a compact form factor, intuitive design, and fine Italian craftsmanship—all at an affordable price point. We are excited to extend these benefits to healthcare professionals seeking top-tier patient positioning solutions."

Key Benefits of the Lemi MD-Series Procedure Chairs:

- **Compact Footprint & Sleek Design:** Easy to maneuver and integrate into any clinical setting.
- **Precision Engineering & Durability:** Built with robust materials for long-lasting performance.
- **Fine Italian Upholstery:** Elevated patient comfort with stylish, high-quality finishes.
- **Power Patient Positioning Movements:** Intuitive controls for quick, precise adjustments.
- **Versatile Configurations:** Tailored to multiple clinical applications across various medical specialties.

Healthcare facilities seeking to enhance their patient experience and operational efficiency can now access this unique line of Italian-designed chairs exclusively through Infinium Medical. The partnership underscores Infinium Medical's commitment to providing healthcare professionals with industry-leading products that combine innovation, reliability, and value.
